Love London, Love Nature

London Wildlife Trust is dedicated to the protection of London's wild spaces and engaging London's diverse communities in nature through our free nature reserves, education, volunteering and campaigning.

Our vision for London is a city where wildlife and wild spaces are protected for the future, and where all people treasure wildlife and wild spaces.

In 1894, the Engine House pumping station and surrounding reservoirs at Walthamstow Wetlands were built to provide London's population with safe and reliable drinking water.

Europe's largest urban wetland nature reserve is now a vital sanctuary to a number of bird species, as well as being operationally significant the Wetlands continues to provide drinking water to over 3 million people in London.

The profits raised from events and venue hire directly support our vital work protecting London's wildlife.

FAQs

OUR MOST ASKED QUESTIONS

1. What decorations can I bring?

You can decorate the interior areas with flowers, candles (in holders taller than the flame) and free standing props. For environmental reasons we do not allow balloons, fireworks or glitter.

3. Can I leave items overnight following the event?

The venue is extremely limited on storage space and is in frequent use so all items will need to be taken off site by the end of the hire time.

2. Can I bring my own food

Due to our Food Safety policy we do not allow guests to bring their own food, with the exception of a celebration cake.

4. Is there parking?

Yes, there is large car park available on site and a member of security will be stationed on the gate at all times to allow for late arrivals/early leavers. Guests will need to pay for their parking.
